Dear Metro Applicant:

Thank you for expressing an interest in Metro Evangelism Ministries!

North America's metropolitan cities, filled with their teeming millions of lost souls, are calling for laborers. The Lord of the Harvest has issued a challenge to this present generation of ministers to "thrust in the sickle." We must reach one more city, one more culture, and one more soul . . . before the season ends forever.

More than 80% of North America's population lives in metropolitan cities. No wonder God's attention is focused on cities under-evangelized by the church. We welcome you to share the burden of North American Missions both in spirit and in deed.

Please prayerfully choose the mission opportunity and fill out the appropriate application. Continue to pray for God's will as it passes through various stages of consideration. We make ourselves available to you to answer your questions regarding any additional information you may need. You may contact the Metro Missions Coordinator at shanson@upci.org.

5. Must practice sound personal financial stewardship and live within their means.

Mother/Daughter Metro

The Mother/Daughter Metro Program will enable established churches, located within metropolitan areas, to plant daughter congregations within the same metropolitan area, under an effective plan for joint participation. The following parameters are compiled from the District Mother/Daughter Congregation Policy Revised (June 9, 1999) and the Urban Evangelism Alternative (NAMAC – January 1995).

I. Definition of a "Mother Church":

"A Mother Church is an established church that desires to develop men for ministry and evangelize neighborhoods, communities and/or cultures."

II. Definition of a "Daughter Congregation" (Adopted by the General Board, UPCI, 1/98):

"A Daughter Congregation is a congregation which has met at least three months, and is the result of the concerted efforts of an established Mother Church to plant a new congregation, and holds at least one service per week apart from the Mother Church, and is under the general oversight of the pastor of the Mother Church. A Daughter Congregation must have the approval of either the District North American Missions Executive Team (in accordance with the UPCI Manual), or the District Board before they can be listed in the annual UPCI Directory. A list of approved Daughter Congregations shall be provided to the Church Division annually for printing in the Church Directory."

III. Mother/Daughter Congregation Policy:

"The Mother/Daughter Congregation Policy is a set of guidelines which are intended to define the criteria and regulations whereby a Mother Church can start a Daughter Congregation. The purpose of this policy is to promote the planting of new Daughter Congregations and evangelization of unreached neighborhoods, communities and cultures."

IV. Policy:

- A. A Daughter Congregation must be in compliance with all the criteria and regulations of their district policy. (Note: If the Daughter Congregation does not meet ALL of the criteria and regulations of this policy, the Mother Church must not proceed without the specific approval of the District Board.)

- B. To seek Metro Mother/Daughter status, the Daughter Congregation must have the approval of the District Board where the plant is located. The Mother Church pastor and the new church planter must be approved by the District Board.
- C. The Mother Church must be an affiliated church cooperating with the district and the United Pentecostal Church, International.
- D. North American Missions must receive district approval in writing and grant approval before “Metro Daughter Work” status is recognized and any funds are dispersed.

V. Oversight:

- A. After the project has been approved, the ongoing guidance will be under the authority of a committee composed of the North American Missions Director, the District Superintendent, the District North American Missions Director, the Coordinator of Metro Evangelism, and the Mother Church pastor until such time that the Mother Church chooses to apply to their district for established church status.
 - 1. The pastor of the Mother Church is responsible for the continued compliance of the Daughter Congregation to this policy and any subsequent decisions made by the District Board in regards to Daughter Congregations. This would include, but is not limited to, finances, scheduling, staffing, facilities management, and legal matters.
 - 2. The pastor of the Mother Church can serve as pastor of the Metro Daughter Congregation as well.
 - 3. The Daughter Congregation pastor must agree to work under the authority and leadership of the pastor of the Mother Church as long as the Daughter Congregation is under the oversight of the Mother Church.
 - 4. The District Board shall not accept an application for established church status from a Daughter Congregation leader/pastor, or members of the Daughter Congregation, without seeking the approval of the pastor of the Mother Church. North American Missions must be informed of this application.
- B. The pastor of the Mother Church shall strive to develop and maintain ethical relationships with surrounding United Pentecostal Churches, including attendance of any member of their church who visits the Daughter Congregation.

VI. Daughter Congregation Finance

- A. The Metro Daughter Congregation's monthly budget will be submitted for approval by the Coordinator of Metro Missions and the General Director of North American Missions.
- B. After approval, a maximum of 50% of an approved budget for the Metro Daughter Congregation can be raised from donor church. The budget would include logistical needs such as property rental, utilities, and soul-winning literature. The Mother Church would be responsible for the remaining funds needed.
- C. Funds can be given only as they are raised through deputation, and/or telephone and letter solicitations. Funds could be granted from undesignated "Metro Evangelism" funds, if available, by approval of the North American Missions Administrative Committee.
- D. If in an effort to raise support the Daughter Church leader/pastor visits churches other than his North American church, it will be necessary to provide the District North American Missions Director and North American Missions a list of these churches, pastors, amount of offering and/or monthly commitment. The purpose of this is for proper record keeping and to provide churches with giving credit.
- E. Commitment forms from monthly partners will be provided to North American Missions. Monthly statements will be sent to the partners and funds received will be allocated to said Metro Mother Church. An administrative fee of 10% will be assessed.
- F. Partners will receive North American Missions giving credit for each monthly donation.
- G. The Mother Church shall maintain financial oversight and responsibility for the Daughter Congregation. The North American Missions Administrative Committee will annually review the progress of the church plant to determine needs and adjustments.

VII. Term

- A. The term of a Metro Daughter Church will be three (3) years.

VIII. Reporting

- A. The Daughter Church leader/pastor will submit an annual financial statement of the project to the Coordinator of Metro Missions and to the North American Missions Administrative Committee, checked and certified by the Mother Church pastor.
- B. The Daughter Church leader/pastor, in coordination with the Mother Church pastor, will send a monthly web-based report to North American Missions and appropriate district officials.
- C. Once on-site, the Mother Church pastor and the Daughter Church leader/pastor will remain directly responsible and accountable to the District Board of the district in which s/he resides.

IX. Exceptions

- A. Any exception to any provision, criteria or regulation outlined in this policy must be submitted to the District Board.

Finances

The applicant must understand that regardless of the amount of budget requested, only the amount of money received in the North American Missions office for the project, less approved expenses and fees, will be sent to the missionary on a monthly basis.

The applicant should be aware that while on deputation, funds received to his account will not be available to him until he is actually on site. The applicant must live on honorariums received while on deputation.

Those persons participating in the Metro Evangelism program are accountable to North American Missions and must comply with divisional directives relative to the metro appointment, including giving an account of their time and finances. The Metro Missionary remains accountable, as any other district minister, to their respective District Board.

North American Missions, upon receiving a majority ruling of the District Superintendent, the District North American Missions Director, and the North American Missions Director, may withdraw a metro appointment at any time they deem necessary. It should be understood that in the event a metro appointment is withdrawn, after notifying donors, funds received for the metro project may be reallocated to another valid metro project at the discretion of the North American Missions Executive Team.

North American Missions will establish and maintain a metro account for each approved metro project. Accounts are not permitted to go into negative balance. In the event an account balance reaches near zero, North American Missions will instruct the missionary to work on strengthening said account, which may require the missionary to travel to raise additional commitments. Many times these situations can be corrected through telephone and/or letter solicitations.

All funds raised are for the establishment of a United Pentecostal Church and are not the personal funds of the missionary. North American Missions will oversee and administrate said funds. Request for financial assistance beyond the monthly personal allocation must be made in writing and shall be considered by the North American Missions Executive Team based upon need, account balance (a minimum account balance, amount set by the North American Missions Executive Team, shall be maintained at all times), etc. Any shortfall in monthly support will be supplemented from the Metro Missionary's account balance, provided said balance remains over \$10,000 after the withdrawal.

The applicants shall raise their personal and church expense budget through deputation travel – plus an additional 10% administrative fee – which shall be deducted from monthly deposits and a 35% shortfall protection.

It is strongly recommended that the Metro applicant, during the time his application is being processed, pay off any outstanding debts. If the applicant owns a home it may be necessary to make arrangements to sell or rent the home after they are approved and prior to going on site.

Communication

Leaders of North American Missions strive to be easily accessible to all metro appointees. If, for any reason, you need to speak with any member of the North American Missions team, please feel free to call (314.837.7300). We are here to help you reach your church planting goals.
